Vendor Management

Strategically oversee and control relationships with third-party suppliers to ensure they adhere to stringent data protection and system security standards.

Why Vendor Management?

An easy to use interface with all vendors alphabetically organised, and a powerful search feature allowing you to easily identify vendors within the platform for you to import into your own vendor library.

Vendor Management provides a comprehensive, pre-assessed library of over 250 EdTech vendors commonly used by schools, enabling you to evaluate and manage compliance with data privacy and safeguarding regulations efficiently.

With input from over 300 schools worldwide, our Vendor management solution is designed to ensure that every third-party tool meets your school's standards for security, privacy, and effectiveness.
